

## Information Technology Auto shapes & Clipart

**Objective:** Use auto shapes and clipart to create a comic strip

**Introduction:** Comics are a great way for you to practice your keyboarding skill while learning how to use auto shapes and clipart.

**Instructions:**

A sample comic is given below.

1. Set the page orientation to landscape.
2. Set the zoom width of your document window to 50%. It will be easier to see the entire page by reducing the size of your view.
3. You may recreate the comic below, design your own comic strip, or select another one from the newspaper to recreate.
